

**Natural Gas Agreement – New
Commercial Customers**

Company: _____

Address: _____

Mailing Address (if different): _____

Owner / Representative: _____

Norwich Public Utilities (NPU) agrees to provide natural gas service and gas meter(s) to the above address. NPU will install, maintain and operate the natural gas service up to and including the gas meter.

NPU will extend the natural gas service line to this property and the customer will agree to use natural gas as the primary fuel source for heating within six (6) months of receiving the gas connection.

NPU agrees to provide an incentive of up to \$1,000 upon completion of central heating equipment installation, connection to natural gas service and completion of the NPU Natural Gas Incentive Form.

I understand that I will be responsible for all connections from the meter to the gas equipment, as well as the \$51.37/ month meter charge once my service is installed. The full cost of the service will be billed to me if I do not connect within the six (6) months. My contractor will be responsible for connecting the new equipment to the meter. A deposit for gas service, equivalent to three months use during winter heating season, will be required prior to activation. Deposit required: \$_____

If I do not connect within six (6) months, I understand that I will **NOT** be eligible for the incentive or rebates, as funding is limited. I will also be responsible for any costs NPU incurred for required service upgrades.

If you have any questions, please contact Katie Moors at 860-823-4514.
