Norwich Public Utilities

Natural Gas Agreement:
Existing Residential Gas Customers

(Complete this agreement if you already have a gas service to your residence, whether it's active or not.)

Name: _____Address: _____

RE: Letter of Agreement for Natural Gas Heating (if different than address above):_____

Norwich Public Utilities (NPU) agrees to provide an incentive of up to $1,000 upon completion of central heating equipment installation or conversion and completion of the NPU Natural Gas Incentive Form. NPU will honor the incentive of up to $1,000 for six (6) months from the date of the execution of the agreement. I am aware that NPU may need to upgrade or replace my service prior to connecting to natural gas for my heating needs. (Any interruptions of service will be scheduled with me.) NPU may also elect to move my meter outside prior to tying in new equipment.

In return, I agree to use natural gas as the primary fuel source for heating within six (6) months of signing this contract. NPU will continue to maintain and operate the natural gas facilities up to and including the gas meter. I understand that I will be responsible for all connections from the meter to the gas appliances, as well as the customary $19.55/ month meter charge. My contractor will be responsible for connecting the new equipment to the meter.

If I do not connect within six (6) months, I understand that I will be ineligible for any incentive and rebates, as the funding is limited. I will also be responsible for any costs NPU incurred for required service upgrades.

If you have any questions, please contact Katie Moors at 860-823-4514.
