

Natural Gas Agreement - New Customers on State Roads

Name: _____ Address: _____

Apartment number(s), if applicable: _____ Number of gas meters requested: _____

Mailing Address (if different than address above) _____

Norwich Public Utilities (NPU) agrees to provide Natural Gas Service to the property listed above and apply an incentive of \$1,000 towards a \$2,500.00 connection fee for restoration costs associated with a gas service connection on a state owned road. A total fee of \$1,500.00 is due at the time of contract signing.

In return, **I agree to use *natural gas* as the primary fuel source for heating** within six (6) months of receiving my gas connection. NPU will install, maintain and operate the natural gas facilities up to and including the gas meter. I understand that I will be responsible for all connections from the meter to the gas appliances, as well as the \$22.16/ month meter charge once my service is installed. The full cost of the service will be billed to me if I do not connect within the six (6) month timeframe.

Upon receipt of this signed agreement NPU will make final confirmation gas service availability to your property. NPU will notify you within three (3) weeks of receipt of this agreement as to whether gas service is available or not. If gas is available you will be given an estimated installation time frame, if not you will be entered into our data base and notified if and when service does become available. Most gas expansion areas require a minimum number of signed agreements before NPU can make a commitment to providing service to those areas.

If you have any questions, please contact our Energy Services Department at 860-823-4514.
